O BOWLING. O

CYCLING.

President Potter, of the L. A. W., is now busying himself with plans for the legislative campaign of the winter. On the first day that the New York state legislature opens the road commission bill, which falled of passage last ses-sion, will be re-presented. It provides for a permanent board of road commis-Signers with a consulting engineer and state control of road making, as in Massachusetts. The question of the palicads receiving bicycles as baggage will be taken to Congress at the next session and an endeavor made to se-cure a uniform law applying in all the

The action of the New York city board of aldermen exempting vehicles used for delivery purposes from carrying lamps has furnished the L. A. W. nsulate an excellent opportunity for consulate in testing of such emaciments, whether or not the consulate acts, President Potter will cause to be introduced in the state legislature a bill prohibiting such discrimination by municipal authorities. Another bill, worthy of emitted the state legislature and the state legislature are such discrimination by municipal authorities. Another bill, worthy of emitted the state of the state such discrimination by municipal au-thorities. Another bill, worthy of emu-lation in other states, will be launched at Albany this winter. It forbids the enforcement of city ordinances relative to vehicles unless they are conspicuous-ly pasted in the outskirts of the city.

It is now plain that the choice which riders will be called upon to make next year will be between bicycles which broadly speaking, may be divided into two classes—the ordinary wheel with exposed chain now common, and the machines having housed gears of what-ever character. Under the second class will come the beyeled gears, the various ever character. Under the second class will come the beveled gears, the various "spur" gears, the "pawl and ratchet" movements and the wheels having enclosed chains. It is positive that the beveled gear will be on the market within a week and that it will be catalogued at \$125. The demand on the part of riders has been for a driving mechanism protected from dust and dampness. This will be supplied by each of the several styles mentioned and the supporters of the various covered gears confidently expect that gradually the type now prevailing will become obsolete. It has just leaked out what are the intentions of certain manufacturers who have declared thit they would not make a chainless wheel. They propose to push the enclosed chain model as fulfilling every demand for a perfectly protected driving gear, and ane that has the manifest and well tried virtues of a flexible chain. One marked advantage these makers will have will be in a lower cost of production and a popular list price.

There is an apparent tendency on the part of manufacturers to revert to the use of smaller balls in bearings next year. Brakes are also likely to be more small for by riders and more freely of-

Sarsaparilla Sense.

Any sarsaparilla is sarsaparilla. True. So any tea is tea. So any flour is flour. But grades differ. You want the best. It's so with sarsaparilla. There are grades. You want the best. If you understood sarsaparilla as well as you do tea and flour it would be easy to determine. But you don't. How should you? When you are going to buy a commodity whose value you don't know, you pick out an old established house to trade with, and trust their experlence and reputation. Do so when buying sarsaparilla.

Ayer's Sarsaparilla has been on the market 50 years. Your grandfather used Ayer's. It is a reputable medicine. There are many Sarsaparillasbut only one Ayer's. It

eighth the All Americas chalked up three earned on a triple, two singles and a double. The fielding of Lange and Burkett and Stahl's batting were the features. Weather rainy. Attendance 1,000. Score:

THIS EVENING'S CONCERT

By Mayer's Band-An Excellent Pro-

gramme to be Rendered. A large audience should greet Mayer's band this evening at the Pythian Castle,

where it gives the first of a series of

to come out the
same way he went in.
He may break jall and be
caught and put back again.
He'd rather have the door unlocked and walk out and

locked and walk out and riay out.

A sick man is a prisoner in the jail of disease; he has gone in by some door of carelessness or neglect or irregular living, and he must unlock this same door by careful, sensible habits if he wants to be a free, well man again.

If dyspepais and billiousness or constipation is the way he got into disease, he has got to overcome just those trgubles before he can get out.

got to overcome just those trgubles before he can get out.

The majority of diseases begin with some trouble of the digestive organs or of the liver, which prevents the supply of proper nourishment to the system. The best remedy for these troubles is Dr. Pierce's Golden Medical Discovery, because it gives the digestive and blood-making organs power to assimilate food and transform it into pure, nourishing blood, vitalized with an abundance of red corpuscles.

It acts directly upon the liver and gives it capacity to filter all bilious impurities out of the circulation. It builds up solid, muscular flesh and beathy nerve-force.

In obstinate constipation the "Discovery" should be used in conjunction with Dr. Pierce's Pieasant Pellets, the most natural and thoroughly scientific laxative ever devised. The "Pellets" regulate and in vigorate the stomach, liver and bowels. One is a gentle laxative; two act as a mild cathartic.

My wife had suffered for seven years with dyspensia, sick headoche and costiveness, "writes Mr. Alonso D. Jameson, of Domparton, Merrinsek!

Fort Sheridan Outrage. CHICAGO, Oct., 19.—Captain Lover-ing has elected to have his treatment of Private Charles Hammond at Fort Sheridan made the subject of a court of inquiry. The court has been constituted and ordered to convene at Fort Sheridan on Thursday of this week. The order was issued by General Brooke today, and the officers constituting the court were notified by wire of their appointment and directed to report at Fort Sheridan. The court consists of Colonel Simon Snyder, Nineteenth infantry. Fort Wayne; Lieutenant Colonel Lloyd Wheaton, Twentieth intry, Fort Leavenworth; Lieutenant Colonel Henry Carroll, Sixth cavalry, Fort Leavenworth; Captain Henry B. Moon, Company B. Twentieth infantry, Fort Leavenworth, recorder.

All of the officers of the court are chosen from outside posts in order that the board may be free from local prejudice in the investigation. of inquiry. The court has been consti-

Chesapeaks and Ohio Election. RICHMOND, Va., Oct. 19.—At the an nual meeting of the stockholders of the nual meeting of the stockholders of the Chesapeake & Ohio railway, held here to-day, the following directors were elected: W. P. Anderson, Westerly, R. I.; George T. Hliss, C. H. Coster, Chauncey M. Depew, Charles D. Dickey, Jr., Samuel Spencer, New York; M. E. Ingalls, Cincinnati; Decatur Axtell, Henry Wickham, Richmond. The annual report of the president and directors was approved. The directors will meet in New York to elect officers. The number of shares represented was 372,968.

Federation of Labor Convention.

WASHINGTON, Oct. 19. - President Samuel Gompers, by Frank Morrison, secretary, has issued a call to all effil-fated unions for the seventeenth annual convention of the American Federation of Labor to be held at Nashville, Tenn., in the hall of the house of representatives at 10 o'clock on Monday morning, December 13th, next. The session is to continue until all the business of the convention shall have been completed.

MARTIN'S FERRY.

Haps and Misnaps in the Thriving City Across the River.

Rev. D. J. Crooks, who was well known in eastern Ohio, died at Beattle, Kansas, on Saturday, very suddenly, of heart disease. He was born in Carroll county, Ohio, and was an officer in the Ninety-eighth Ohio Volunteer Infaniry during the civil war, in which he served four years and located in Kansus at the close of the war.

of the war. He had been a Christfan all his life, and like his father and brothers was a staunch Republican, was a great ad-mirer of McKinley and had advocated him for the presidency for years and was the happiest man in Kansas when the news of McKinley's election became

While a resident of Kaneas for a long period, he never lost interest in Ohlo and his friends and frequently inquired about his comrades.

TIN PLATE WORKS SWITCH.

It is thought an arrangement will be consummated whereby a temporary switch can be put down from the Cleveland & Pittsburgh railroad and across Main street to the new tin mill, in order to enable the company to receive building material on the ground where the works is being built. An ordinance has been passed to its escond reading for a union switch for the use of the different railroads.

Catarrh Cannot be Cured. Catarrh Cannot be Cured.

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internal ty, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years, and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two incredients is what produces such wonderful results in curing Catarrh, Send for testimonials, free, F. J. CHENNEY & CO., Propa, Toledo, Sold by druggists, price 75 ceats,

How to

Every sufferer from Catarria should know that it is impossible to cure the disease with sprays, washes, inhalations, etc., which are universally used. In fact, the experience of growing worse all the while is proof that the treatment is all wrong. Many who have been under treatment for years and met with disappointment instead of benefit are willing to doubt that there is any cure for Catarrh.

The trouble is that all of the treatment they have received has been misdirected, and has not touched their trouble. Catarrh is a stubborn deepseated blood disease, and everybody should know that to simply treat the surface, that is, the local irritation, does not reach the disease. A blood remedy is needed, but it must be a good one; a remedy which goes down to the very bottom of the trouble and forces it out. S.S.S. (Swift's Specific) is the only one which can have the slightest effect upon Catarrh, for it is the only one which gets rid of it. This is the only reasonable way to treat Catarrh.

Mr. B. P. McAllister, of Harrodsburg, Ky., had Catarth for years. He writes: "I could see no improvement what-ever, though I was constantly treated with sprays and washes, and different inhaling remedies—in fact, I could feel that each winter I was worse than the

inhaling remedies—in fact, I could feel that each winster I was worse than the year previous.

"Finally it was brought to my notice that Catarrh was a blood disease, and after thinking over the matter, I saw it was unreasonable to expect to be cared by remedies which only reached the surface. I then decided to try S. S. S. and the results were grafifying, for after a few bottles were used, I noticed a perceptible improvement. Continuing to take the remedy, the disease was forced out of my system, and a complete and permanent cure was the result. I advise all who have this dreadful disease to abandon their local treatment, which has never done them any good, and take S.S.S. (Swift's Specific, a remedy which can reach the disease and cure it."

To continue the wrong treatment for Catarrh is to continue to suffer. Swift's Specific never fails to cure even the most aggravated cases. It is a real blood remedy, and cares Catarrh, Rhenmatism, Contagious Blood I'oison, Eczema, Cancer, Scrofula, and all other blood diseases. S. S. S. is gnaranteed
